**6.3 Faculty Empowerment Strategies****6.3.1****The institution has performance appraisal system, effective welfare measures for teaching and non-teaching staff and avenues for career development/progression****Response:**

As the college intends to create quality academic environment for students development, it is obligatory to lay down a performance appraisal system to assess its human resources on regular basis. The college has preferred to encourage each faculty member to take up activities not only related to teaching-learning and evaluation, co-curricular, research and extension, but also their personal academic and professional development. To ensure the faculty improvement and development, the College necessitated academic based self-appraisal mechanism as per standards prescribed by Sant Gadge Baba Amravati University, Amravati. Every of the teaching faculty members is supposed to maintain his/ her Performance Record. These records are duly verified by the heads of the departments annually and submitted for the assessment to the Principal through IQAC. At the time of promotion, the faculty members have to produce his/her yearly academic appraisal forms provided by University PBAS with the documents to scrutiny committee for verification. Then the appraisal forms are signed by Coordinator of IQAC and Principal. Screening and selection Committees recommend the faculties for career advancement. Thus, the college has constituted an internal assessment committee through IQAC as assessment mechanism. The College Staff Council meeting with the Principal of the college works as a corner stone for the quality assessment. Students feedback works as the chief external assessment mechanisms. The performance of the faculty is assessed by the students during such feedback. The feedbacks collected are compiled and consolidated outcome is handed over to the Principal for the further necessary action. Every department also prepares its academic action plan which is considered as a department calendar.

This plan is reviewed occasionally during the department staff meetings and priorities are re- reset. Every department tried to adhere to the direction of college authority while following the departmental calendar. The college follows similar mechanism laid down by the parent society for the assessment and evaluation of teaching and non-teaching staff. At the end of the academic session, confidential reports of the teaching and non-teaching staff are prepared and duly assessed by the head of Departments, the Principal and the Secretary of the parent institution. On the basis of confidential report, non-teaching staff is recommended for their promotion. The Grievance Redressal platforms is available to resolve the issues related to teaching and non-teaching staff. ## 5. CONCLUSION

---

### **Additional Information :**

During this very small span of its development, the college has greatly contributed to the society by bringing education and welfare of the many deprived families. As the admission data shows, there is good demand ratio for each of the program. In future it seems that we will have to ask for additional courses.

The institution claims its philanthropist approach by providing admissions to the under privileged section of the society. As an instance, we find that we have more than 50% students in the academic session 2021-22 who belong to the Scheduled Caste (SC & ST) category which is more than the allowed reservation for this category. Likewise there are many students of OBC category. This number also exceeds far more than reservation allotted to them. This shows that the institution is more liberal in its higher education policy. We are providing education to the very lower strata, working class community students of the society. This is the strength point of institution that shows our community oriented work.

The college has almost equal admission from gender point of view. The girl students come forward to take part in all curricular and co-curricular activities like boys equally. From this point it can be stated that the college has been working positively in the direction of gender equity promotions. This strength of the institutions lies in its working ideally in the direction promoting women in the society by providing adequate safeguard. The female member including students and staff experience a safety and honour for their association with one of the college of the Parwa Shikshan Sanstha, Parwa.

### **Concluding Remarks :**

Though the college is situated in the rural areas and it lacks the basic amenities compared to the urban standard. Considering their rural background the college has been given a credit, the name and fame for its service of the have nots around. The experience of the bygone batches shown that , these, students are connected to the main stream flow of the higher education by making optimal use of the academic resources. Through the experience of last many bygone years, it has been found that there is a lot potential among these deprived students as we evidenced a larger quantity to be fit to serve in the army and to the nation.
